Allowable Subject Matter

1. Claims 1-4 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art made of record does not describe an apparatus/method for controlling a DC-brushless motor specially comprising a current control means for determining drive voltages for the motor in order for a q-axis reference current which has been by inputting a detected q-axis current into a low-pass filter and a d-axis reference current obtained by passing a detected d-axis current through a lo-pass filter and a means for adding high-frequency voltage to said drive voltages, which are set so that the direction of revolving magnetic field generated when the high-frequency voltages are applied to the armatures of the motor and the direction in which the motor is rotated by the drive voltages are opposite to each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
